Offres d’emploi et stages
Imagerie et contrôle de l’organisation cellulaire (LOCCO)

Internship, Post-doc, PhD, Engineer
If you are interested in the work of the lab and want to make an internship or post-doc please contact: Bassam HAJJ Bassam.Hajj@curie.fr and Mathieu Coppey mathieu.coppey@curie.fr

Current open positions:

1. Internship: Mapping nuclear environment by 3D single particle tracking and advanced image analysis tools in virtual reality
2. Internship: Developing an image analysis pipeline for treating 3D single molecule microscopy images
3. Internship: Physics of biological signal multiplexing
4. Post-doc in biophysics: cell nucleus observed with advanced 3D imaging tools
